Dear Mayor Daley,

My name is

from Gregory

Academy in the North Lawn Dale Community

To make Chicago a better place I think
you need to provide free laptops for all
schools. This is a great idea because some
kids can go on the internet to learn
reading and math. In order to make my
plan work, the city needs to go to Dell and
buy the laptops. After you make these changes,
Chicago will be better because students
will be smarter. When a student goes on
the internet they will go to websites that
have math and reading for them to bring
their grades up. Thank you for your time.
We look forward to your action!

Since rdy,
