Dear Mayor Daley,

My name is

from Gregory

Academy in the North Lawndale Community.

To make Chicago a better place I  
think you need to provide laptops for  
Gregory students. This is a great idea  
because the kids can open their laptops  
and do their work. They can also get  
important information from them. In  
order to make my plan work, the city  
need to call a computer company and  
buy laptops. After you make these changes,  
Chicago will be better because kids can  
learn more and be more educated and  
learn how to work the laptop so they  
can get better at math and reading.  
Thank you for your time. We look forward  
to your action!

Sincerely,
