

May 11, 2009

Dear Mayor Daley,

My name is \_\_\_\_\_ I  
go to Nathan Hale Elementary School. My  
room number is \_\_\_\_\_.

Here are three things I learned about  
Chicago. First, I learned that a Chicago  
Style hot dog has no ketchup. Also, I  
learned that Jane Adams made the Hull  
House to help people. Last, we learned  
about Maxwell Street, and how it was a busy  
flea market.

Here is an idea to help  
Chicago become a better place. Change  
motor oil to vegetable oil, so it does not  
pollute the air.

My idea is important because  
it will save a lot of money, and it  
will not run out like fuel, It is  
renewable, oil is not.

Thank you for having the time  
to read my letter.

Sincerely,
