

May 11, 2009

Dear Mayor Daley,

My Name is Tim 9 years old and
I want to make a difference.

I learned that the Chicago hot dog started
because a kid wanted ketchup on his hot dog.

The Hull House is still here today. The
Hull House helps people without jobs.

I am going to make the Earth
better. I'm going to help the Earth
by planting more trees and hire more
police officers. If we plant trees
we get more air. If we hire more
police officers we get less violence.

It is going to make the Earth better
by staying clean and it helps the future too.

That's how I want the earth to
change. Thank you for reading my letter.

Your friend,
