Dear Mayor Daley,

My name is _____
My school is Nathan Hale Elementary
School. My class room number is _____
and teacher's names are _____ and _____

My class is learning about
how to change the community of Chicago
to make it better.

We learned how Chicago was back
in the past and how it looked. We even
learned that a hotdog is important to
Chicago and what the toppings for a
hotdog are. We learned more about Jane Adams
and how she helped the poor people.

My big idea to change the city of _____

Chicago is that we ride more bikes instead of riding cars. My plan is that we can make more rules for riding bikes. Another plan is that we can make more people ride their bikes.

My idea is important because then people would not use cars that much. The gas of the cars is infecting our Earth. It will also help the future by making the air more fresh.

Thank you for reading my letter and I hope you can change the city of Chicago.

Sincerely,
