

5-8-09

Dear Mayor Daley,

My name is \_\_\_\_\_ I'm in 3rd grade. I have no brothers or sisters. I like playing with my cousins and running around.

I don't have any video games because my mom won't allow it.

Lately I've been learning about Chicago. Indians use to live here and they use to have things like trading posts instead of money.

I have an idea on how we can make Chicago more beautiful. We could hire people to do trash patrol and it would help peoples environment here or out. It would make parks more sanitary and it would

help our grass grow.

My idea will help Chicago because maybe people could see what we can do to help Chicago's environment.

If every one helped, Chicago could be the cleanest and prettiest city in the world.

Sincerely,
