Dear Mayor Daley

I am a 3rd grader in Nathan Hale Elementary school. My favorite thing to do is play video games at home it is fun.

I learned many things about Chicago for the last few weeks and I know that long ago Chicago had a trading post and that kids long ago did not go to school. Also that houses were not the same.

My big idea is to
eliminate guns. guns are bad
they could kill people so it could
save peoples lives.

My idea is important
because it will save lives for
people and will make live better.

In conclusion I will
eliminate guns so no more
people die in the united states.

Sincerely,
