

5-8-09

Dear Mayor Daley

I am a third grader at Nathan Hale Elementary School. My Dad is a firefighter for only Chicago not the suburbs. I am the son of _____ . I play almost every sport like baseball, hockey, football, soccer, basketball, kickball, and Dodge ball.

Three things I learned about Chicago are we have one of the most prettiest lake front. Chicago had Indians. Chicago had a trading post.

My big idea is helpful to the environment. My big idea is no driving one day a month unless you live far away from work. Also if your a firefighter, police, or truck driver.

My big idea will also help people. It will help them because they will get exercise. They can also spend their day outdoors. If it is cold or raining, stay indoors.

In conclusion, I am a third grader at Nathan Hale Elementary School. My Dad is a firefighter for only Chicago. I am the son of _____, I play almost every sport like baseball, hockey, football, soccer, basketball, kickball, and Dodgeball. My big idea is no driving one day a month.

Sincerely,
