

5/8/09

Dear Mayor Daley,

I am a third grade student at Nathan Hale Elementary School. I like like playing with my friends soccer. I have 1 sister and 1 brother they are nice sometimes but there nice.

To begin with we been Learning about Chicago and how it was back then. When there was a trading post and how the people do when they have to travel. I want to know how Chicago look and how it's beautiful right now.

To continue

I saw our front Lake. I like it but I thought it should need more lakes or ponds for people could sit or see how Chicago is beautiful and how it looks for the future

I think is important for the city is  
so people could see the beautiful lake or pond. I think  
a pond or a lake brings good memory from back times

In conclusion

I like ponds or lakes because people seem so happy  
and it looks better

Sincerely,
