Dear Mayor Daley,

My name is _____, I am
nine years old, I am in third grade. The school I
go to is called Natha Hale School.

I learned so much stuff about
Chicago's history. One thing I learned is
the hot dog history. Another thing I learned
was about how Chicago looked and how
it looks now. I also learned about Jane
Addams, the woman who made the
Hull House. The Hull House helped people
find jobs, and helped them learn the language
they spoke.

First of all, my idea is that people should ride bikes and walk more. If people would walk and ride bikes more, it would have to be safer. To make Chicago safer you could hire more crossing guards. It would cost money, but it would make a difference.

My idea is important to the city because when you use cars it pollutes air. If we walk more and ride bikes, we won't pollute air. My idea will help the future of Chicago because we will be healthier and we will have cleaner.

Thank you for taking your time in reading my letter. I hope you can hire more crossing guards and make Chicago safer.

Sincerely,
