

May 8, 2009

Dear Mayor Daley,

I am a third grade student in Nathan Hak Elementary school. My name is _____

I like to play many sports I like basket ball, base ball, foot ball, kick ball and my most favcrite sport of all is golfing.

To begin with I have been learning about Chicago, in this lesson that we are learning is that there use to be a fur trading post and that before Chicago wasn't a city.

To continue my big idea is to get rid of cigarette so no people will die from the cigarette.

Finally my idea is important because back then people were ther reason Chicago changed.

Now we can make Chicago better too.

In conclusion this is why my
idea will be kind of good for
Chicago

Sincerely,
