Dear Mayor Daley

I am a third grader at Nathan Hale Elementary school. I like softball I have a little sister name _____ my favorite subject is reading. When I grow up I want to be famous.

For the last few weeks we been learning about how to make Chicago. We learn about trading the Hull house and our teacher showed a video about Uncle Boote. He knew a lot about Chicago. I got a plan that could

make Chicago better. Character counts treat people with respect so people can get along so we live a better way. To continue

Some times people fight and we don't want fighting in our community. In conclusion

I think this is the best plan because
our community can be a better place
to live.

Sincerely
