Dear Mayor Daley

I am a 3rd grader at Nathan Hale Elementary School. I am in baseball I am very fast and I am good at Pitching and batting.

In 3rd grade we are learning about Chicago and other fun things like math. Did you know long ago there was a trading Post in Chicago they traded things they didn't need and got thing they did need.

My Idea to help the community so you can see

big growing fish there you can catch
but put it back in the water.

In conclusion, I am a 3rd
grader at Nathan Hale School.

My big Idea is to have more
catch and release at lakes.

Sincerely,
