Dear, Mayor Daley

My name is \_\_\_\_\_ I  
go to Nathan Hale School.

What I learned about Chicago  
is that Jane Addams helped the  
poor people. Jane Addams opened  
the Hull House. Jane Addams went  
to live with the poor.

I'm writing this letter because  
I'm worried that people are dying.  
I have a big plan and I want  
you to try to use it for me.  
The thing I want you to solve  
for me is to try to get more

fire man because I don't think we  
have enough. Also we need more  
because too many people are dying  
in too many places. I hope to  
convince you to try to get  
more fire man. I'm begging you  
because I think too many people  
are dying in fires.

Thank you for listening to  
my letter and my big plan.

Sincerely,
