Dear Mayor Daley,

My name is _____ I'm in 3 grade.
I go to Nathan Hale school. My teacher
is _____. I learned that Jane Addams
opened a hull-house. The hull-house was
created during a depression. During a depression
a lot of people lost their jobs. So Jane Addams
decided to live with the people in their community
to feel how it felt to be poor. I also have
an idea to make Chicago better. We could
recycle more and use bikes instead of cars
and trucks. That's pollution. Pollution is
any harmful material in the environment and
that really really very bad. The animals will
get sick faster too. Another thing that is good

For the environment is recycling. Recycle
more like bottles glass and bags. You can
even use something from the recycling
bin to play with

You friend,
