Dear Mayor Dayer,

Let me introduce myself. My name is \_\_\_\_\_ and I'm 9 years old. I want to be a pianist when I'm older.

I think we should make some changes in Chicago.

I think we should do something about our animals. We can make a place where animals get training. "place" "salary" can be "100" "better" "time" "100"

We can also do something about making more plants. We can make a charity for

Chicago. And it will not just look pretty but it will be clean of pollution.

We can also clean the city too. We can find lots of volunteers that will love to help.

If you will do these stuff then you are a good mayor.

Sincerely
