Dear Mayor Daley

I am _____ and I'm asking you
can you change Chicago into a better place
so all the people could have energy and
a Robot to protect people and a house that
you can tell it to do anything that you
want to in a house, and a car that works
on nothing, and a turbo scooter for kids.
So we can go any far place we want like
the zoo and the beach or Wisconsin and
for old people a chair that can fly and has
a Robot arm saw when a man can't
reach it he can press a button and a
arm can get it for him, and a box
that makes any food that you want

all you have to do is to say I want a
and you say what ever food you
want.
