Dear, Mayor Daley

MY NAME'S _____ AND I'M
9 years old. MY CLASS IS WRITING
you a letter ABOUT THE CITY.
So for my free time I like
to play with my friends then
I sit and think about my family
and friends so I'll think about
something about Chicago.
for you Mayor Daley so if you
could read my letter.

Some things me and the city
could do is instead of using
gas you could use olive oil

So it will not pull at the Air
And you could use green
houses so it will not be
smoke in the air and some
smell so will will not also
pull at the Air so in Chicago
we could also clean
the garbage in the ground then
one more thing is you and
me could hire more policeman
& it's so it be safe more.

Then if you
more time could you read
my leader.
Sensitively,
