Dear Mayor Daley

I am 19 years old. My name is

I am at Hale School. I am in room

In this unit we learned about the Hull House. We learned about the Mayor.

Also we learned about the famous Chicago hot dog.

I think you should build more "green houses" so that we will not waste electricity.

If you do this we will reduce electricity. Tx

will help people save money.
In conclusion, I learned
a lot about Chicago history.
So thank you for reading this
letter. I hope you have a
good day.

Sincerely,
