

May 2009 5-12

Dear Mayor Daley

I am a third grade student at Nathan Hale Elementary School. I have 1 brother and one sister. My favorite subject is science I love to create experiments. My dad is a Chicago firefighter. Latly we are learning many different things at many different times. My teacher is she is the best.

Recently we have been learning about chigago. Did you know chigago used to have a trading Post? We Planned to keep buisnesses off the lakefront so People will enjoy it.

I have been thinking of how to make Chicago better. I have a plan to make Chicago a better place. My idea is to clear the pot holes. When me and my family are going somewhere we always run over pot holes.

If you don't fix pot holes people can lose control of their car. This can cause an accident.

In conclusion pot holes are a big problem. I hope you get my letter and fix the pot holes.

Sincerely
