

May 8th 2009

Dear Mayor Daley,

I am a third grade student at Nathan Hale Elementary School. I have three sisters and one cousin who lives with me. My favorite subject is math + reading. When I grow up I want to be a teacher.

Lately we have been learning about Chicago. We talked about making Chicago better. We have learned that Indians use to walk those land we also learned about Jane Addams and all of the wonderful things she did for our city. I think a way to help Chicago is to not throw

trash on the Beach, lake or river. some-
times I go to the Beach and I see
people throwing trash or trash is all ready
in the water. I think people need to
learn to pick-up after them self I think
this is a good idea because someone
from a naver country is going to say
wow this is a beautiful place in Chicago.

In conclusion, I think people
should pick up after them selfs not because
people just here will say this is a beautiful
but from other countries people will say
wow this is a beatiful beach.

Sincerely
