Dear Mayor Dailey

My name is \_\_\_\_\_ I go to Hale School  
Elementary. I am here to talk about earth.

What I learned in this unit is about earth.

I learned that our city needs to look cleaner.  
Our earth should be helped more. My  
big idea is to help earth. Change gasoline  
to vegetable oil. Don't waste paper because you  
waste trees. Hire more police men. Don't smoke  
in front of stores. Don't litter, it's bad. It's  
important to the city because everyone is helping  
earth. It's gonna make the future better.

Thank you for reading Sincerely
