Dear Mayor Dayley

My name is \_\_\_\_\_, the school I go to is Nathien Hale school. And I have some ideas that can help earth. We have to recycle, use only a little bit of electricity and don't throw away paper so you won't kill trees.

If people cut down trees we won't have enough oxygen for all the people on earth. The people can die if we don't have much oxygen.

If we recycle we might have a good

citizen ship so we will feel safe  
walking down streets and stuff like that.

If you don't use so much energy  
you can help the earth a lot. So  
whenever you leave a room turn off  
the light.

Well that's all I have. I have ran  
out of ideas so remember recycle and  
don't use so much electricity and don't  
use so much paper.

Sincerely
