Dear Mayor Daley

I am a third grader at Nathan Hale Elementary School. I love dancing. I have a little brother name \_\_\_\_\_  
Recently we have been learning many new things about Chicago. I learn about a trading post to get supplies our lakefront is beautiful. Recently I have a plan to make Chicago better. I think we should save our trees on my block. I see a lot of people chopping trees birds could lose their homes. Trees help our environment we get wood and paper for houses.

In conclusion, Mayor Daley I hope you understand how Chicago life. So that my plan to make Chicago better for the whole community

Sincerely
