Dear Mayor Daley,

My name is _____ . I'm 8 years old.
I go to Hale school room . My teachers
name is _____ , _____ . I have ideas for Chicago
• I am in third grade.

My ideas are don't use trees so much, hire
more police officers, and change gasolin to
different types of fuel.

My big idea is recycling, and don't litter.

If people cut down trees we can not
breath or live and if we don't cut
down trees we could all live and breathe.

I know how to make my idea clear
is to not litter, recycling, and not
cutting down trees.

Thank you...

Sincerely,
