

Dear Mayor Daley

My name is [redacted] I am a boy. I am in the
3rd grade and my room number is [redacted] My teachers name is
[redacted]

Chicago is a good place to live. Chicago is a

big city. Chicago is a busy city. My idea is to build a center
to keep kids off the streets. I will have games for them
to play. I will take them on trips. I will help them get a job.
I will give them treats. I will help them with homework.

Because kids need to get off the streets, kids won't get killed
and do more positive things. I really hope that you
can help me make a safer place.

Thank You
