

Dear Mr. Mayor,

We are third graders from Henson Elementary School. Our school is at 1326 S. Avers on the West Side of Chicago. Our neighborhood has some issues that we want to help solve one of them. The problem is there are a bunch of abandoned houses in our neighborhood. These houses are dangerous because there are many criminals in there. Many of the houses are too old and may fall down. Our idea is for you to tear down the abandoned houses. Can you please help us with our idea.

Sincerely,
