

Dear Mr. Mayor,

We are third graders from Henson Elementary School. Our school is at 1326 S. Auer's on Westside of Chicago. Our neighborhood has some issues that need to be solved.

We have an idea to help solve one of them. We need our community clean because there is so much trash, glass, paper, plastic, and knives everywhere.

We need your help to accomplish this job by hiring community service. It won't cost much but it will take a long time.

So can you back us up by accomplishing this, helping people to clean the streets, our park, and our sidewalk. That is what we need. We need your help to make our neighborhood, better our communities safer. We need your help to fix this

problem. We hope that you can help us make the world better. Thank you for listening to us.
