

Dear Mr. Mayor,

We are third graders from Henson elementary school. Our school is at 13265 Avers on the west side of Chicago. Our neighborhood has some issues that need to be solved. We have an idea to help solve one of them.

The problem we have is that there are a lot of people getting into fights at school. There are also people bringing weapons into this school and we are trying to stop it.

What we want you to do is to give the schools some money so we can have metal detectors and more security guards. We don't want this just for our school but for every school. We need your help to make our neighborhood better our communities

safer. We need your help to fix this problem. We hope that you can help us make the world better. Thank you for listening to us.
