

Dear Mayor Daley,

My name is Dynamite Davion [redacted] and I am an African American boy.

My teacher's name is [redacted] and she is a great teacher we should have more teachers like her. Our principal's name is Mr. Pales, he is the Best!!!

Three things that I have learned so far about Chicago is that we have a lot of cool stores. Chicago is home of the Bulls and the Bears. It has a lot of places to help people with their children.

I have a lot of people in my community and they are very nice people and it

has a lot of buildings that a lot of people can live in and beautiful flowers too.

My Big Idea is to tell people to stop killing other people these are the ways I will get my Big Idea to everyone. I will draw pictures
