Dear Mayor Daley,

My big Idea is a big diamond
by every church with a prayer
on it. This will make Chicago
a better place because they will walk
passed and many will have their family
to start coming to church. In order
for my plan to happen is I will need
Chicago's best workers. When the mayor make
this change Chicago will be different
because people will start going to church
and hire more great Chicago Fixers.
This is how I want it, I want a black
diamond. in words saying. God will
bless you if you come to this church. you
will be blessed.

Mayor
Daley

God will
Bless you
if you come
to this
church.

Sincerely

Mayor
Daley
