Dear Mayor Daley,

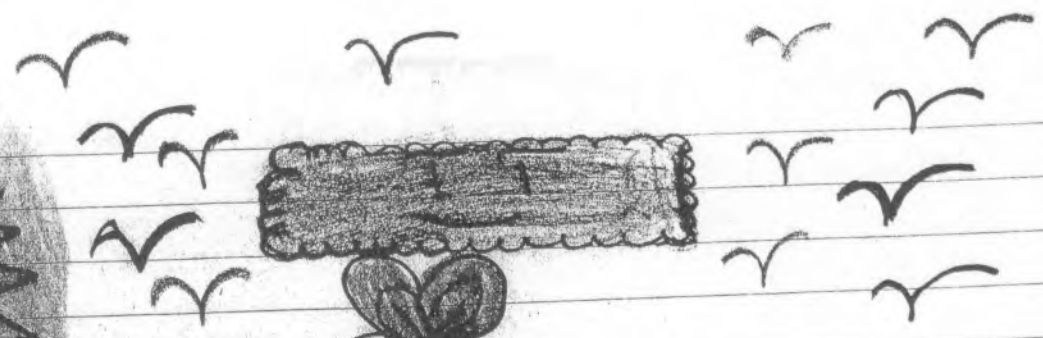

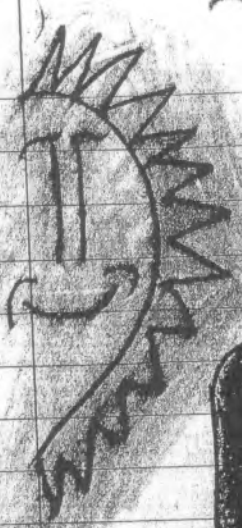

→ My big idea is to stop kids from failing in school. This is a great idea because more kids can be successful if they get an education.

→ The city should give every kid a tutor. This will not cost the city money. The parents can pay for the tutor.

→ Chicago will be different because kids will graduate from high school and go to college. They will get a job. Kids with an education will make the city a better place to live.

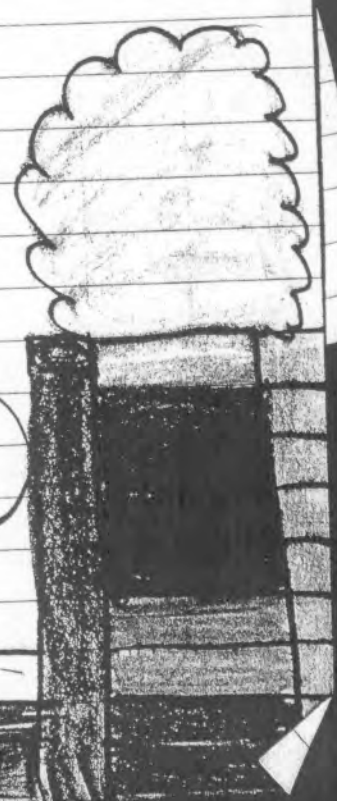

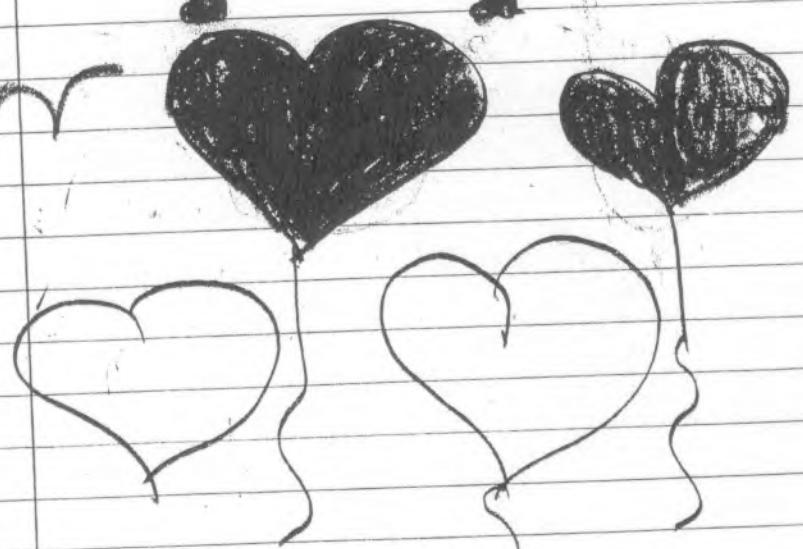

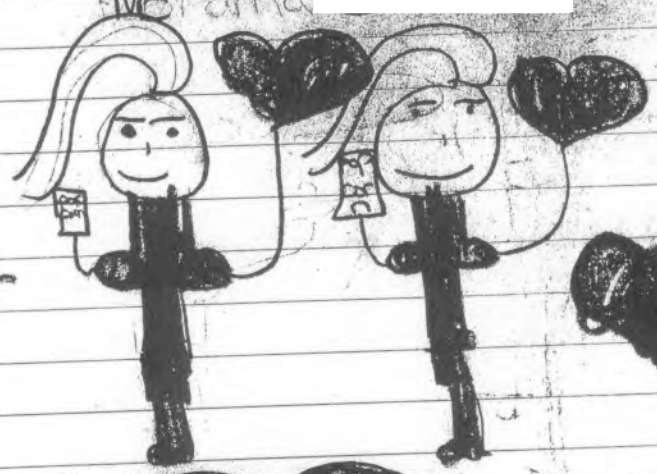

→ Mayor Daley, I hope you think my big idea is great. I hope to meet you some day.  
Sincerely,
