

March 13, 2009

Dear Mayor Daley,

→ My big idea is to build more park for the communities. Kids need to play in parks. The streets are dangerous. Kids can ride their bikes in the parks. Kids can get hurt riding their bikes in the streets. We need more park for bike riding. The city needs to find more land for parks. They can get rid of old buildings and build new parks.

→ Mayor Daley that why I want more parks in the city. I hope to see you some day.

Sincerely,
