Dear Mayor Daley,

→ The big idea is to clean up the world.

This will make Chicago a better place because  
so that the world won't be trashed.

In order for my plan to happen is to hire  
more people.

When the mayor makes this change to Chicago,  
the world will be nice and clean.

I will need money.

- I will need to hire people.
- I will need to get cleaning stuff.
- We need our world to be clean.

This is a great idea because we need  
the world to be clean.

Sincerely
