

Keep it simple, Smarty.

- ✓ Chunk the content or skill.
- ✓ Teach with clear focus on one skill, strategy, or topic at a time.
- ✓ Scaffold Learning with:
 - Clear directions that you explain and post
 - Demonstrations—model the skill, the thinking.
 - Step-by-step activities
 - Student learning “organizers”—activity guides for students to complete
- ✓ Differentiate instruction to respond to a variety of ways to learn.
- ✓ Diversify assessment with a variety of ways for students to demonstrate learning as well as levels for students to complete successfully.
- ✓ Frequently check and respond to student learning

The following planning and activity guides and activities are useful to develop, reinforce and expand learning for all students.
