Dear Mayor Daley

Hello Mayor Daley! How are you today. I hope you are great because I have a very wonderful idea I want to tell you. I think that we should have more fun and interesting jobs. I think that you should hire some people to help you put signs up and help you build and figure out what kinds of fun and interesting jobs we could have. Also, I want to thank you so much for taking the time out from being the mayor to read this letter.

Love,

2 4 3
