

May 15, 2009

Dear Mayor Daley,

Hello Mayor Daley! How are you doing? I know that you are busy right now but I have some ways to make Chicago a better place. My idea is to clean the environment. I want to do this because it's going to make Chicago a better place. More nice people will go to our neighborhoods. Pretty things can stay there like flowers and our neighborhoods will look pretty. I don't know if you can make that happen or not but if you could we will need volunteers to put up posters and

signs. That's my idea for making Chicago a better place.

Sincerely,

Thank for taking
time to read
my letter
