Dear Mayor Daley,

Hello, Mayor Daley! How are you doing? I know you are busy but I have a good idea to share with you. My idea is to put recycling bins on every corner. I think recycling is important for the Earth because the Earth is dirty. Another thing you can do is get volunteers to help. One more idea is that you could put up signs. Thank you for making the time to read my letter.

Sincerely,

2 4 3
