

May 15, 2009

Dear Mayor Daley,

Hello Mayor Daley! How are you doing? I know you are busy but I have a very good idea. I have been thinking of ways to change Chicago. I think we should help clean the environment by putting recycling bins on every corner. I think you should also hire volunteers to make signs to remind people to recycle. My idea will help the Earth be cleaner and safer. I really hope, as our mayor, you can make positive change. Thank you for taking the time to read my letter.

Sincerely,
