

5/15/69

Dear Mayor Paley,

I know that you are busy with something but I got something to tell you. First, I will say put libraries on every block. Next, I will get kids to clean up as well as adults. Then, I will get some volunteers to help me do it. Next, I will help the poor find homes too! Lastly, I will put recycle bins all over the world. Thank you for reading my letter and thank you again.

Sincerely,

2 4 3
