Dear Mayor Daley,

Hello Mayor Daley! How are you! I know you have been busy lately but I have plans for you and they are great plans for the world. If we are going to change our city, we have to keep the gangs away so that children and adults wouldn't get killed because theres like 1,000,000 kids and adults getting hurt by the shooting and all. If you help us you will make our city the best in the world

Sincerely,
