

Dear Mayor Daley:

My name is [redacted]

I live in

Chicago [redacted]

My problem is that we need healthy foods in school cafeterias. I think of this idea is because in the cafeterias they make unhealthy foods like the pizza, the meatball sandwiches, the hamburger, the chicken patties, and the hot dogs. Plus, those cookies that they sell it might taste good but it's not healthy, so Mayor Daley help make school cafeterias healthy for children to eat there. And also, make Chicago a better place. ~~and together we can stop the violence and killings and~~ Mayor Daley I know your name, and it is Richard Daley. I think you know my dad because my dad knows you.

Anyway, I hope you can help me with my problem, did I mention that Kerens dad works with my dad & I hope can fix the situation. My dad's name

LOOKMAN [redacted]

Sincerely,
[redacted]
