

Dear Mayor Daley,

I'm [REDACTED]. I am 9 years old, and I go to Lincoln Elementary School. Change needs to be made! Not to be rude but, do you reuse paper in your office? Well if you don't, let me tell you why its important.

A way to save your paper is to reuse it. Since we all now you might sign like 10 papers a day, I think you could try to reuse your paper at least 1 week every month. You can start by stacking paper you don't need any more. It would save a whole bunch of trees and paper.

Please try to do this. I would be happy, and we'd all be happy.

Thanks A lot,  
[REDACTED]
