

**mayor dayley**

**Dear Mayor Dayley :May 8 2009**

**My name is [REDACTED] I live in chicago, illinois I am nine years old chicago has a lot of vacant lots I think we could make the vacant lots into a garden or a park chicago would get something out of either one insted of a dirty lot if we had a garden we would have beautiful flowers if we had a park it would be a good place for kids to play.Mayer dayley this will only take a few days and this would cost little money for the garden but it may cost more for the park but it will be worth it chicago needs these things.**

**If chicago should get one of these you will need to have a vote on if you want a garden or a park I think this is very important if this happened this would give us a better chance of having the 2016 olympics in chicago please consider doing this and the cars let off pullution witch causes danger to chicago animals.**

**Mayor dayley**

**please consider doing this**

**sincerly yours [REDACTED]**
