Chicago Ill. 60612

Dear Mayor Daley

I think I have a way to make  
Chicago a better place to live.  
I think we should have a large  
amusement park built in Chicago.

The amusement park that we  
have in Illinois is too far away.  
It takes too long to get there.  
We should have an Amusement  
park that brings people to Chicago  
like other states.

We also need a amusement park  
so that when we are bored, we can  
go to without having a car  
because every body don't have a  
car.

An Amusement park will also help  
our economy by bringing money  
to Chicago.

This is how I want to make  
Chicago a better place. Sincerely,
