Dear Mayor Daley

I am writing to tell you about
my plan to make Chicago a better
place to live.

My plan is to clean up all the
vacant lots and planting gardens
for the homeless. This plan will
help feed the homeless people in
Chicago. They will not have to
hang on the streets asking for
food or **Even** looking in the
garbage for food. This plan
will help feed them and also
keep them healthy because
they will be getting fruits
and vegetables they need
each day. This plan will
also make the neighborhood
look pretty. People can walk
by and just look at how
beautiful it is now.

Sincerely
