Dear Mayor Daley,

I would like to make Chicago a better place by making it more fun by adding more playgrounds, theme parks, and even another zoo because it is fun and educational at the same time. You can study wild animals in their natural habitats. You could also get a little exercise and spend some quality time with your family.

This would convince more tourists to come and visit Chicago because it is fun and is one of the best cities in the U.S.A. This would make Chicago an even better place to live.

Sincerely,
