Dear Mayor Daley

I think Chicago will be a better place to live if we had a plan to clean up our city.

In other cities they keep cans and bottles off the street by making them pay a deposit on them, so they will bring them back for their money.

You could also put recycling bins on each corner to collect the paper and other things that can be re-used to protect our environment. This plan will help keep Chicago clean and healthy.

Sincerely,

[Redacted Signature]
