230 N. Kolmar
Chicago

Dear Mayor Daley.

I really wish that you can help me solve some of these problems I've seen in our great city of Chicago.

First, Off I want you to help get more businesses running so there can be more money in our city. Second, Rebuild homes so poor family can have places to live and not be out on the streets every night. Lastly, Build Amusement parks, playgrounds and more cool places in Chicago Maybe even Disney world like it in California and Florida so more tourist would come to Chicago.

Sincerely
A
