

Marconi Community Academy 230 N.
Kolmar Chicago

Dear: Mayor Daley

I'm writing to you about how
you can improve Chicago. You
can do this by building, improving,
and expanding libraries. Kids
like me who enjoy learning
need libraries with more
technology, more updated books
and more informational than
it use to be. That will
bring more people to come
study and get more smarter.
This will make Chicago a better
place.

Sincerely
